DETAILED ACTION

1. Claims 1, 4-7, 9-12, 15-18, and 20-21 are pending in the instant application. Applicant's arguments submitted 12/19/2006 have been carefully and fully considered, but are considered moot in view of the new grounds of rejection presented herein. The new grounds of rejection presented herein have been necessitated by amendment of the claims. Accordingly, this Office action is made **FINAL**.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. **Claims 1, 4-7, 9-12, 15-18, and 20-21** are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

4. Independent **claims 1, 9, and 12** have been amended to recite the limitation "*such that no additional data may be stored to the tape storage medium*". The Examiner is not aware of a portion of the specification which teaches that a tape storage medium is identified as full, no additional data may be stored to the tape storage medium. There does not appear to be any discussion of any sort of write protection or

Art Unit: 2187

prevention mechanism such that marking a tape full would prevent data from being written to the tape storage medium.

5. **Claims 4-7, 10-11, 15-18, and 20-21** depend from claims 1, 9, or 12 respectively, and are rejected on the same grounds as claims 1, 9, and 12.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
